

JBMA Garden Donation Wish List

If you have any of the following items or skills that you would like to donate to the garden, please let Kimberly Bauman know.

- Tractor to be used for tilling up the ground.
- Backhoe to help spread fill dirt and prepare the soil
- Fill Dirt - Clean with no rocks. We will need a lot of this to build up the ground to prevent the garden from flooding during heavy rainstorms.
- Compost - we will need to add 2"- 4" of compost to the garden and the raised beds. We used leaf compost from the City of Mountain Brook last season.
- Soaker hoses for raised beds. Raised beds are 6' x 12'. Need 10 that are 50 ft long.
- 100 ft garden hoses for watering. Heavy duty. The lighter ones will not handle the force that comes out of the spicket. Need at least 7.
- Smaller garden hoses to connect the soaker hoses from bed to bed. Need at least 10. Probably 25 ft to 50 ft long,
- Flower and Herb seeds. We have a list of specific ones needed. If you would like to buy a Visa or Mastercard gift card we can purchase these online.
- Garden shears for pruning and harvesting.
- Shovels, hoes, wheelbarrows, gloves.
- Golf cart for getting from back office to garden. This also helps to get the harvested flowers to the back office to be prepped for delivery.
- Lowes or Home Depot Gift Cards
- Visa or Mastercard Gift Cards.
- Pinestraw to go inbetween the beds.
- Bagged dry leaves from your yard.
- Metal T-stakes from Lowes. Need probably 30 that are 5ft tall.
- Large Tool Shed for the front garden.
- Metal Shelves for the greenhouse.
- Exhaust fan for the greenhouse.
- White on Black Plastic for the garden rows (can buy online for \$150.00)
- Large outside work table for harvesting in the front garden.
- Heating mats for starting seeds. We can order online. We need approximately 3 of them that are 12"x 5 ft. They run around \$100.00 each.
- Florescent Shop lights for seed starting. We can buy these at Lowes or Home Depot. They cost around \$15.00 each and we will need around 10.
